Att'y French's Death Is Real Shock to Village

Well Known Lawyer, Ill
Since Accident in
July, Succumbs

Mourning by the many friends whose liking and esteem he had won during the eight years he had engaged in the practice of law here, Walter Garrison French was laid to rest this afternoon in Hillside cemetery, following services held in the Strang Funeral home at 2:30 o'clock.

Sequoia Masonic lodge was in charge of the funeral services.

All business places in the village were closed from 1:30 to 3 p. m. today in testimony of respect.

Mr. French had never entirely recovered his health after being injured in an automobile accident June 11, while on a southern trip, although he had seemed sufficiently improved to be moved from a Waukegan hospital to his home a few weeks ago.

His death, however, came as a painful surprise to the community.

Came Here from McHenry

He was born Nov. 3, 1880, in Chicago, and was the son of Mr. and Mrs. Garrison French.

Surviving are his wife, Edith, of Antioch; his sister, Mrs. C. E. Molson, of Westown, Pa., and a brother, Ewart French, of Chicago.

Before establishing his law practice in Antioch, he was located in McHenry, Ill.

Attorney and Mrs. French had purchased a home in Antioch some time ago, and had intended to make this their permanent residence.

THIEVES TAKE TOOLS FROM STORE BUILDING

Valuable carpenter tools belonging to Lubkeman Bros. were taken from the Chase Webb building sometime during Sunday night or Monday by thieves who gained entrance to the building, supposedly through the basement or an unlocked window. The place is being remodeled for occupancy by the Antioch 5 and 10 cent store.

A reward of five dollars is being offered by the owners of the tools for information leading to the arrest of the thieves. Information may be left at Herman Holbeck's store.

Antioch Legion Notes

Preceding the regular meeting of Antioch Legion Post 748, Thursday, Oct. 16, 1941, at Legion Headquarters, 7:30 P. M., Antioch standard time the following Sons of Legion officers will be installed by the Legion: Samuel Klass, captain; Ray Horan, first lieutenant; William Dow, second lieutenant; Dudley Ward, finance officer; Orville Winfield, adjutant; Milton Smith, sergeant-at-arms; Albert Smith, historian and Donald Hills, chaplain. A light luncheon will be served.

The Legion meeting to follow the Sons of Legion installation will be of importance as there is a great deal of business to check on.

On Monday afternoon, Nov. 10, 1941, the annual armistice program will be held at the Antioch High school, at 2:30 p. m., with students from the upper grades in the rural section invited to attend and hear an address by a capable speaker.

The fifteen anniversary of Antioch post and the way to celebrate it will be by attending the dinner-dance to be given at St. Peter's hall, on Monday evening, Nov. 10. Reservations are now being booked for 75c per person, which covers all evening's entertainment. Dinner to be served at 7 p. m., followed by a short address by a very capable speaker, then the introduction of those that will receive mention as to their post activity during the past 15 years and this calls for the attendance of all charter members and past commanders of the post. This will be one of the outstanding affairs of the coming season, and is not a closed proposition with just the Legion members only—bring your neighbor, there will be room, we have arranged for 200 places, but we can go to 300. Arrange this date now, so the committee can arrange for full details and not wait until the last minute.

ARMISTICE DAY AND ALL DAY: Meet at Legion headquarters, by 10:30 a. m. for the 11 a. m. service, with the usual short hike through the Main street to the village park in time for 11 bells and then the grand rush for the open house for the balance of the day. If you know of a veteran who is not a member of Antioch post, bring him along. When night falls we may be able to play cards or dance.

LEGION HOME TALENT: Different than last year, bigger, better and more pep. Another live company has been signed up with a booking date for Antioch on January 29, 30 and 31. To be staged at the Antioch High school.

MILITARY BALL: With the grand success of last year's military ball, why not repeat it again and this year on February 21, Saturday at the High School, with plenty of time to book the best in talent and dignity, we should pack in the school not less than say 600.

MEMBERSHIP for 1942 now. We want Antioch post to be 100% by Nov. 11, and have registered fifty already.

ATTENTION SONS OF LEGION will meet on the first and third Thursdays of each month just before the Legion meeting.

See you all this Thursday, Oct. 16, at the Legion Headquarters.
Roman B. Vos, Commander.
John L. Horan, Adjutant.

P. T. A. Hears Talk on "Living with Art"

"Modern art is no better—and no worse—than the art of any other era was in proportion to that era's other cultural development," Louis Cheskin, author of "Living with Art," told members of the Antioch Parent-Teacher association at their meeting Monday evening in the school house. "Art is always an outgrowth of the culture of a particular era," Cheskin explained in his lecture, which was illustrated with slides of art work done by pupils in Chicago public schools. Thirty-five were present at the meeting.

Instrumental solos were presented by four of the eighth grade pupils, Rosemary Morley, Joan Felter, June Spangard and Vida Haling.

Rev. Henslee Re-appointed For Fifth Year at Antioch

The Rev. W. C. Henslee was re-appointed pastor of the Antioch Methodist church at the recent Rock River conference. This will be Rev. Henslee's fifth year at Antioch.

Antioch Kindergarten Thrives on Generous Public Co-operation

Antioch Grade school's newly organized kindergarten is "everybody's baby," judging by the way the entire community is taking it to its heart.

The Antioch Recreation association is contributing large blocks especially constructed under the charge of Ed. Kapsa, as well as other articles useful in study and play; parents and friends are donating useful and interesting articles, and children of the upper grades are making pictures for the kindergarten walls. The eighth graders, who have already furnished some pictures, will also paint the huge blocks furnished by Mr. Kapsa.

Youngsters who have already enrolled for the programs of organized play and study under the charge of Miss Dorothy Kurzenkabe of Evanston include Mary Lou Cunningham, Edward Frazier, Mary Herman, Edward Haling, Robert Jarnigo, Ronald King, Darlene Lux, Shirley Nelson, James Quadenfeld, Thomas Sheehan, Beverly Van Patten, Ann Vos, Jeanne Tegelman and Patricia Wagner.

"We spend a great deal of time in outdoor activities and games, since these are all 'outdoor children' and have been used to being out in the fresh air for their playing," Miss Kurzenkabe said.

"Today we are all going over to the 'train station' to watch a train coming in, for we have all been greatly interested in trains. We also plan to go for little nature study walks, and we will have little shopping excursions, too, when we need to go shopping to buy things we need for our activities."

In the kindergarten activities the children are taught self-reliance, co-operation, courtesy and consideration, and simple forms of art, construction, and so on, as well as interesting features their young minds can assimilate concerning the world about them.

"Our 'periods' for each activity are all very short, for the children's 'span of interest' is very brief," Miss Kurzenkabe explains. "We have an active period, then we all gather around for a little story period, and we constantly vary our program in that fashion."

Plants for the schoolroom have been donated by parents, as have also a number of the books being used, and some pets have been promised.

The following materials will be appreciated gift or loan contributions to the kindergarten, according to Miss Kurzenkabe. Persons having articles to donate may communicate with Miss Lillian Musch, school secretary, Principal Ralph E. Clabaugh suggests, in order to avoid any unnecessary duplications: plants, play toys, pets, doll furnishings (framed pictures of children's subjects to be loaned for periods of time, orange crates, wooden boxes, kraft cheese boxes, cigar boxes, 2 small rag rugs, children's books, magazines, pet cages, wallpaper (rolls or books), pint and half-pint mayonnaise jars, child's rocker, 2 visitor's chairs (wicker, etc.), spoons, empty film rolls, wooden buttonmolds, shopping bags, paper bags, nail kegs, 3 wash tubs.

Fox Lake is Refuge For Wild Waterfowl

Hunters are again being warned by State Conservation officials that the waters and shores of Fox lake are designated as a rest ground or refuge for migratory game birds, and that shooting there is permitted only between the hours of 12 noon and two o'clock Central Standard time. The order applies to geese, ducks, brant and coots, according to the legal notice published in today's News, on page 8.

According to the game code, drastic penalties may be imposed for violation of the order. Conviction for violation carries a fine of not less than \$50.00 and may be \$300.00 or a jail sentence of not less than 30 days nor more than six months, or both fine and imprisonment may be imposed at the discretion of the court.

Several from Here Get Citizenship Certificates

Among those who have been granted citizenship papers at Waukegan during the past few days are:

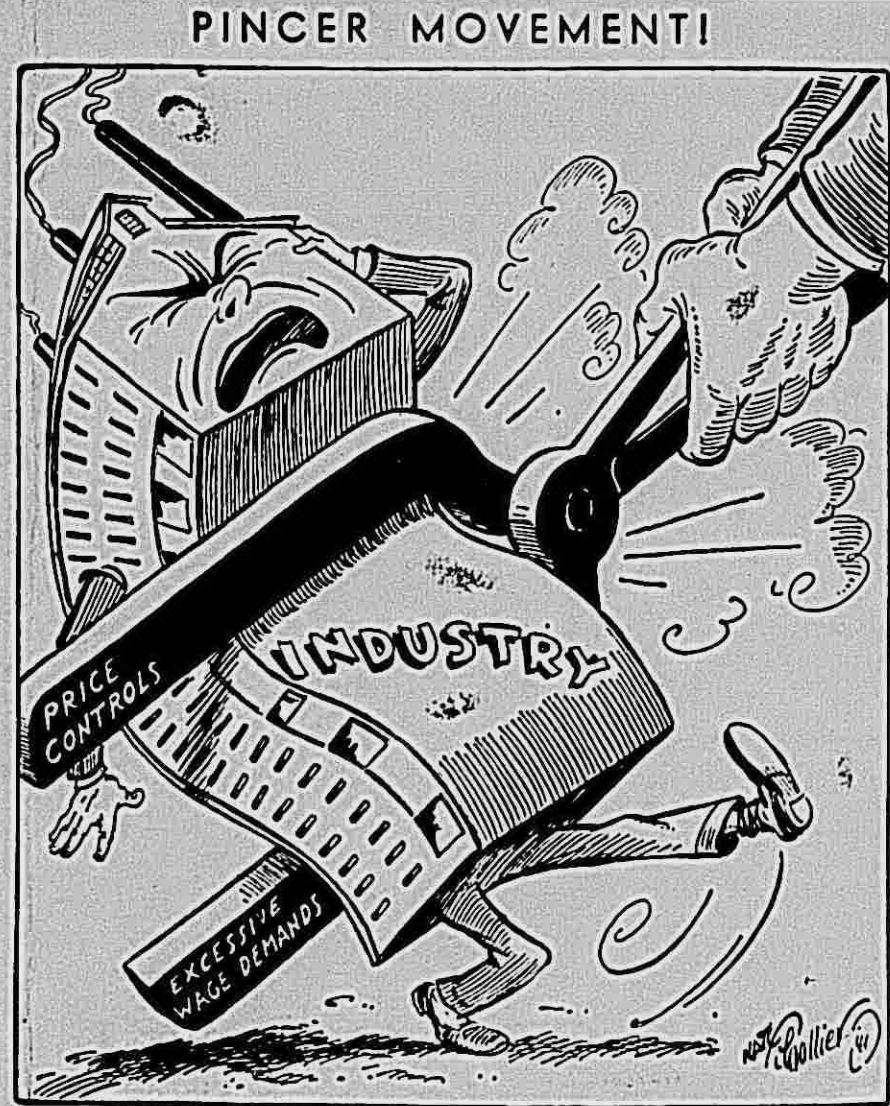

Antioch—
Lena Anderson, Little Orchard Farm; Harold John Eltherington, Channel Lake; Heloise Marie Malget, Lake Villa.

Marie Madeleine Oppael, Deep Lake road, Alexander Papp, Andrew Gray McGlashan, Marie Oren.

Spring Grove—William Henry McMurdo.

Wadsworth—Helene Martha Stilke, Ingleside—Mary McGee, Katherine Knauer.

Fox Lake—Gerda Marie Weselius.
Howard Strang, Albert Sorensen and Harry Nelson left Tuesday to begin their periods of service with the U. S. army.

Slot Machine Tax Has Repercussions

Repercussions of the federal tax of \$50 annually on slot machines continue. The newest angle is the retention of Attorney George S. McGaughey by owners of pinball machines now in operation within Lake county, in an endeavor to have the federal tax on these machines lowered to \$10. (Pinball machines were recently ruled "unlawful devices" by the Illinois attorney general, and were declared to come under the same ban as slot machines.)

Pinball machines had been licensed in some Lake county communities, including Antioch, prior to this ruling. Meanwhile proprietors of establishments where such machines have been located faced the dilemma of whether to admit possession of the machines, illegal in Illinois, by paying the federal tax fee, or whether to risk the penalty for non-payment of the fee.

Fr. John A. O'Brien to Speak at Libertyville

Approximately 2500 concerned Americans of all shades of belief regarding the war question are expected to gather at Libertyville Township High school Sunday night, Oct. 19, to hear an address by the Rev. Dr. John A. O'Brien, Professor at Notre Dame University, who will talk on "America: Peace or War?" Preceding the program will be a half hour concert by the 85 piece Libertyville High School band, directed by L. Marvin Wilkins, starting at 7:45 p. m.

The meeting is regarded as the greatest rally to date on the war question in this section of the state. The Libertyville America First committee is sending a cordial invitation to all Lake, McHenry and northern Cook County communities and to southeastern Wisconsin, to have representation at this meeting. To accommodate the hundreds who will want to attend, the new LTHS gymnasium has been engaged, and a loud speaker system has been installed.

Visiting America First official, delegations from other chapters and other notables, including members of the State legislature, and county officials will be present.

Those who have heard Dr. O'Brien, in his earlier days as Chaplain of Catholic students at the University of Illinois, and more recently as a leader in the nation-wide fight against participation in the European war, agree that he is one of the most dramatic and most sincere speakers on the American platform of today. He has traveled extensively in Europe and the British Isles, where he was honored with a degree from Oxford University. As a noted scholar, he has a fine appreciation for truth and accuracy in all his utterances.

For the convenience of strangers to the Libertyville area, the High school is located on Route 176, three blocks east of the intersection with Route 21. Ample parking space is available.

Men's Club Will Meet Monday Night, Oct. 20

The Antioch restaurant has been selected as the next meeting place of the Men's Civic club, which will hold a 7 o'clock dinner there Monday evening, October 20.

Albert F. Lewis, manager of the social security board for Lake and McHenry counties, with offices in the Federal building in Waukegan, will speak on "Social Security."

4-H Boys Receive Project Awards

Wayne Drom Is 1941 Entrant in Nat'l. Meat Animal Contest

The selection of outstanding 4-H Club members and project honor members of club members enrolled in agriculture 4-H projects has just been completed by the county 4-H club committee.

The members who were selected by the county committee to receive these honors were selected from a list of local club outstanding members and project honor members previously selected by the local 4-H club leaders. As will be noticed from above 2 different types of honors are given.

In selecting club members to receive these honors, the 4-H Club rates the various members on the basis of a score card. In selecting the outstanding club members, the member's entire record is considered while in the selection of project honor members, only the current year is considered. Some of the factors included in the score card are the 4-H Club members achievement record, his progress toward a goal, his health achievement record, the participation in the program of the local 4-H club meetings and his leadership ability as recognized by the responsibility placed on him by his local club, by a school, and by other various local community organizations.

Local boys selected as project honor members are: Robert White, James Jones, Wayne Drom, Richard Wells, Lloyd Drom, and Raymond Wells, all of the Antioch Club.

Drom in National Contest
The candidate from Lake county for 1941 National Meat Animal contest award is Wayne Drom, member of the Antioch club.

The awards for record books this year also include members of the local club: Poultry—Richard Wells; dairy—Lloyd Drom; garden books—James Jones; sheep—Robert White. James Jones received fourth award for secretary's books, and Wayne Drom received award for swine record book.

Among the winners of awards in the 4-H club show at Farmers' institute were Raymond Wells, hybrid corn exhibit, first; awards also went to Jerry Hunter, Robert Hughes, Lincoln Garwood, and Ted Carlsen. In the potato exhibit, Warren Wells received first; Lincoln Garwood, fifth; and Phillip Burke also received award.

County Religious Council Plans 71st Convention

Millburn, Lake Villa and Antioch are expected to be well represented at the seventy-first annual convention of the Lake County Council of Religious education, to be held at the Central Christian church in Waukegan Saturday afternoon and Sunday evening, Oct. 18 and 19.

The Rev. Loyal V. Sittler of Waukegan will preside at the session Saturday afternoon. At the Sunday evening program, which will be a county young people's conference, Miss Ruth Minto of Millburn will preside.

Frank R. Sherwood of Lake Villa will act as one of the budget officers and as a trustee.

Mr. and Mrs. K. R. McNamara and little son have given up their Chicago apartment and are staying with Mrs. McNamara's parents, Mr. and Mrs. E. D. Bray of Lake Villa, until their new home in Grayslake is completed. They expect their house to be completed about the first of the year.

Library's 6,000 Volumes Will Be Moved Next Month

To Occupy Location Being
Vacated by Five and Ten
Cent Store

Moving Antioch Township library's 6000 volumes from their present quarters up stairs in the Irving Elms building to their new home in the store building that will be vacated by the Antioch Five and Ten around Nov. 1 is not causing visible perturbation to Miss Mary Stanley, librarian.

"We've moved twice before in the last ten years," she says, "and it won't take us long to get settled in our new home. In any library that is expanding in the way this one has, there is always a certain amount of shifting things around to accommodate new volumes, and we're used to it."

"Besides," she adds, "we are delighted with the prospect that we may be able to use the large show windows in our new 'home' for displays for Book Week, which is the first week in November, and for other occasions."

The library has been in its present location for the past three years. Previously, it was located in the Grade school building, where it had been moved seven years earlier from the village hall.

The Five and Ten Cent store will probably move into its new location in the Chase Webb store building the latter part of this month, according to plans of the proprietor, Herman Holbeck.

As soon as possible, thereafter, the library will move into the vacated store. The library has its own shelving, and this will be taken to the new location when the books are transferred.

There is a possibility that the quarters now occupied by the library may be converted to apartment purposes, in view of the housing shortage in Antioch, although no definite plans have been announced by Elms.

Duck Hunting Season Opens Today; Less Noise, but Many Ducks

Twelve arrests had been reported up to early this afternoon, with the opening of the duck hunting season this morning at sunrise.

The arrests all were for trespassing on the Laura Hatch property, comprising 1,800 acres of land at the northwest corner of Grass lake. Four of the offenders were taken before Justice of the Peace J. C. James by Lake County Deputy Sheriff Willis Shannon, four were scheduled to appear in justice court before John Brogan, and four before Elmer Brook.

Although the noise of shooting was less overwhelming in Antioch than usual, this was not believed to indicate any smaller quantity of ducks than usual, for the many hunters who were out for opening day were bringing in good bags at the various resorts.

Grass lake and the smaller lakes around Antioch were the scene of the shooting. Fox lake is a rest and feeding refuge, with shooting permitted there only during specially designated hours at noon.

Lions Hear Interesting Talks on Air Conditioning and Boy Scout Work

Talks by Dr. F. O. Brown of Chicago Technical college and Boy Scout Executive Dahns of Libertyville were enjoyed by the Antioch Lions club at a meeting Monday evening in the Roundup restaurant.

"Modern Air Conditioning" was the subject interestingly discussed by Dr. Brown, who also delighted his audience with demonstrations of some of the astonishing phenomena that may be produced through utilization of the remarkable properties of "liquid air."

Colored motion pictures of summer activities at the Boy Scout camp located near Rhinelander, Wis., were used by Dahns to illustrate his talk on Boy Scout work.

The Lions discussed the possibility of sponsoring a Boy Scout troop. A delicious roast duck dinner was enjoyed prior to the talks.

Automobiles driven by Jack Storey, Antioch, and Jeanette Dhuyvetter, Antioch Township High school student, sideswiped on Route 173 about a mile east of Route 21 last Wednesday afternoon. Storey was released on bond and is scheduled to appear in court Oct. 18, on a charge of driving while intoxicated and causing an accident.

The Observer

Our plans for going on a diet have hit another snag now—schlachtfest season is on again. All the delicious products of pork will be featured in the one to be staged at the Roundup on Highway 21, on Oct. 25. The affair will also be a celebration of Mrs. A. K. Mueller's birthday anniversary.

We've been thinking it over and have about decided to threaten E. H. Ravenscroft with mention in the Observer if he doesn't hurry up and plant some crimson or yellow ramblers roses around his place for the summer and some evergreens for the winter. It would make a swell background.

We see where the new edifice being erected at the northwest corner of the junction of U. S. Highway 41 and Wis. 50 is making rapid progress. What we wanna know is, what is it?

Sign of the time of year—the milkweed pods are beginning to bust open.

Sheriff Tom Kennedy should not be greatly perturbed over the state liquor commission's order barring all forms of gambling from taverns, including slot machines, punch boards and baseball pools. The sheriff told the News recently that there were no slot machines in operation in the county, except possibly a few that were brought out when no officials were looking.

Marshall Field, Jr., is quoted as stating in New York: "I happen to have been left a great deal of money. I don't know what is going to happen to it and I don't give a damn." Speaking of heirs of great fortunes, it may be stated that this is by no means an original thought.

We can well be worried by the shortage of rubber. Suppose the supply is cut off. There will be no more rubber stamps and that means the finish of a lot of statesmen.

It is said that Congress is to be asked to repeal the neutrality act. What neutrality?

About the only way Mussolini could make the front page now would be to sue for peace.

'Nother sign of the times—all those "No hunting or trespassing" signs being bought at the News office.

Mrs. Andrew Harrison and daughter, Mrs. Arthur Grieve, left Thursday to return to their home in Portland, Ore., after spending the past month here with relatives. While here Mrs. Harrison sold the Harrison home on Spafford street to Charles Haling.

Unnecessary Tragedy

The consistent policy of the Administration has been to hug to its bosom every radical element in our population—especially the reds and parlor pinks—and it is seldom that you can caress a rattlesnake without feeling its fangs.

Especially has labor leadership been coddled, not because of love for labor, but because labor has many votes.

It is unfortunate that the Administration has resented the disclosures made by the Dies Committee during the past two or three years to such an extent that it has apparently come to the point where it would rather get stung than to profit by the committee's warnings. Time after time the committee has brought out facts about the individuals now causing national sabotage of defense efforts so conclusive that a less bull-headed and resentful administration would have taken steps to avert the present debacle.

A firm policy of Americanism a year or perhaps even a few months ago might easily have made it unnecessary now to use the armed forces of the Nation in order to maintain vital defense production.

Hurts Worker, Too

Anything which destroys capital, hurts the worker. It is estimated that, on the average, \$6,500 must be invested before a worker can be given a job in American industry. That much money must go into factories, machines, tools and other facilities. Multiply \$6,500 some 40,000,000 times, and you have the approximate investment in American industrial enterprises. That is capital—the capital which has so long been subjected to political and radical attack. Its crime seems to be that it creates jobs, purchasing power, new taxable wealth, higher wages, shorter working hours and a generally rising standard of living.

Where capital in big sums doesn't exist, comfort, security and opportunities don't exist. It takes "big money" to keep a progressive nation going. It took "big money" in endless streams to create our unequalled industrial civilization.

To argue that the basic interests of capital and labor are opposed is as sensible as to argue that a hungry man is opposed to food.

Stand Where?

Propagandists are busy these days adjuring us to stifle our own personal convictions and "stand by the President." Do they expect us all to turn into weather vane? Does anyone know whether the President himself will stand tomorrow where he stands today? If his promises in the fall of 1932 indicated where he stood then, he certainly, and radically, altered his position in the spring of 1933; his professions in the fall of 1936 hardly squared with his performances in the spring of 1937, and his assurances of last fall are generally looked upon as meaningless today.

when burglars entered the State bank and made a search of safety deposit boxes, evidently in quest of Liberty bonds of the coupon variety. The amount of the loss has not as yet been determined.

After lining up their victims in the gambling house known as the Kenosha Social club early Sunday morning and relieving them of money, watches and diamond rings, four robbers fled toward Chicago in a high powered car, taking with them about \$10,000 worth of cash and jewelry. Three of the robbers were later captured, after a running battle through the streets of

Zion. Clocks are scheduled to go back one hour Sunday, Oct. 26. Chicago made an effort to keep the clocks of the city one hour ahead of sun time, but the motion was lost in the city council. It is our aim to apply all these instructions on every telephone call in the Illinois Bell area. Not just sometimes, but always... even now when fast-increasing demands tax our facilities.

Remember that every telephone call is "made to order." There must be special equipment and

individual handling to give you the connection you want when you want it.

Team-work helps, of course. Nearly 30,000 Illinois Bell men and women work together to provide telephone service that is prompt and efficient... and friendly as well.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

THE HOLY SPIRIT OUR HELPER

LESSON TEXT—John 3:5-8; Acts 1:8; Romans 8:26-28; Galatians 5:22-25.
GOLDEN TEXT—As many as are led by the Spirit of God, they are the sons of God.—Romans 8:14.

Nothing could be more practical or blessed for and in the life and service of the believer than an understanding of the person and work of the Holy Spirit; yet it is a subject concerning which most Christians are woefully ignorant.

Before taking up the work of the Spirit as it appears in our lesson, we should understand that the Holy Spirit is a person, not an influence which may exert itself upon a service, or a power which a man may obtain and use. He—the Spirit—is one of the Trinity, with the attributes of a person, doing the work of a person and always referred to as a person in Scripture. (When "it" is used of the Holy Spirit in the A.V., it will be found to be corrected to "him" in the R.V.)

What then does this divine person do? The work of creation was His as one of the Godhead. He regenerates, He teaches, He comforts, He leads, He calls and qualifies Christian workers. He is the divine author of the Bible. These and many other things He does, this One who indwells the believer as the ever-present Guide and Counselor. The Christian is

I. Born of the Spirit (John 3:5-8).

The new birth is indispensable to entrance into the kingdom of God. We either enter that way or we do not enter at all. Let's be clear about that. "Ye must be born again" is not the edict of a church or the plea of a preacher; it is the plain statement of our Lord Himself (v. 5).

The Holy Spirit is indispensable to regeneration. We must be born of the Spirit. How it takes place we can no more explain than the coming or going of the wind, but just as the power of the wind is known to us by clear evidence, so the regenerating power of the Spirit, mysterious though it be in operation, is known to us by the evidences of redeeming grace in a man's life.

II. Empowered by the Spirit (Acts 1:8).

Spiritual birth calls for service for Christ. For that we must have the power of the Holy Spirit. A man may do many ordinary things in the strength of his own body and mind (although even these ought always to be under the Spirit's control), but when he comes to witnessing for Christ, teaching or preaching God's Word, he must have Holy Spirit power or he is utterly ineffective.

III. Directed by the Spirit (Rom. 8:26-28).

The guidance of the Holy Spirit, especially in the matter of prayer, is stressed in these verses, but they are a part of a longer passage dealing with the indwelling, enabling, and guiding power of the Holy Spirit (read vv. 9-14). Every detail of life in the home, at business, or in social relations should be in conscious submission to His leading.

It is in the realm of the spiritual, however, that we find ourselves peculiarly infirm (v. 26), and this shows itself especially in prayer—"we know not how to pray as we ought." Then the Spirit in the Christian makes intercession. How blessed! "The practical meaning of these profound words seems to be that the divine Spirit, by His immediate influence in the saint's soul, which becomes as it were the organ of his own address to the Father, secures the rightness of the essence of the saint's prayer. To our understandings such intercessions with groanings which cannot be uttered, take the form of desires of ours, inspired and secured by Him. In any special case of prayer, the saint may or may not use words; but anywise the root-desires that underlie the prayer, being the Holy Spirit's promptings, are unutterable to the full. In the heart the Father sees below the surface of our ignorance the sacred longings which are the expression of the Spirit's influence" (H. C. G. Moule).

IV. Walking in the Spirit (Gal. 5:22-26).

Being born again of the Spirit, living daily by the Spirit, it is right that (as v. 25 puts it) "if we live by the Spirit, let us also walk by the Spirit." The works of the flesh, horrible in their wickedness and lust, are listed in the verses preceding (vv. 19-21), and then by striking contrast we have the fruit of the Spirit in the life of the Christian. Note the distinction: Work is something we produce; fruit is something that grows.

Walking in the Spirit the Christian finds in his life the inward graces of love, joy, and peace. These then express themselves outwardly in longsuffering, kindness, goodness, faithfulness, meekness, and self-control. The Spirit-filled man is not only a good man; he lives a good life.

Blind Brothers Do All Chores to Keep Farm Going

Aware of Coming Loss of
Sight, They Prepare
To Carry On.

KAUKANA, WIS.—Every morning Mrs. Nellie Willems' two "boys," Henry and Aloysius, drag themselves out of bed before daylight, fumble in the dark for their clothes, feel their way downstairs and go outdoors to the barn.

There they open the doors so that 27 Guernsey cows can file into neat stalls, filled with hay. Milking, a farm ritual, follows. The brothers' skillful hands soon produce pails of foaming, cream-laden milk. After the other duties of the barnyard are performed, Henry and Aloysius hurry back to the house for the breakfast prepared by their sisters.

These two brothers and their early morning routine are no different from hundreds of other Wisconsin farmers—except that Henry and Aloysius are blind.

Mother Is Invalid.

Henry's life has been shrouded in darkness for 50 years, and Aloysius, who is 35, has been blind for 10 years. Yet despite the handicap, their mother, herself an invalid for the past 14 years, insists that the 197-acre farm would not have stayed in the family if her "boys" had not faithfully remained at home to work for her.

Their disability keeps them from doing field work, but they perform virtually all of the innumerable odd jobs so vital to successful farming. Henry and Aloysius know every inch of their barnyard, where each tool is kept, how each bunch of hay is laid in the mow.

They do their chores confidently and capably, easing the job of the hired man who works in the field. The brothers even venture into the fields on errands, guiding themselves by the wind and contours in the ground rather than by canes or fence rows. They also repair the farm machinery and keep the equipment in adjustment.

Prepared for Blindness.

Henry tells how he discovered that he was going blind, and how he planned to overcome the handicap. He became aware of his plight when he noticed that the top of the barn was blurred against the sky and distant objects dimmed beyond recognition. While he could still see, Henry began preparing for his life of darkness. He memorized the location of everything on the farm, and noted details of operations that he would have to remember for a lifetime. When his sight vanished, Henry had done his job well because he was able to continue his daily tasks without difficulty.

As it became apparent that Aloysius' sight was failing, Henry tutored him in the art of memory. And when blindness came, he, too, was ready and kept right on working.

Three sisters, Elvira, Hilaria and Malvenia, comprise the Willems family circle. During the busy season the sisters don overalls and help with the field work. But these excursions to the fields are becoming less frequent. The sisters' sight also is failing, and they expect to join their brothers soon in the world of darkness.

Despite this promise of a somber future, the Willems are a cheerful family, each member co-operating and doing his share to keep the farm operating. Speaking from her wheel chair, white-haired Mrs. Willems avers that she is proud of the way her "boys and girls" carry on.

Admits Counterfeiting 'To Keep From Stealing'

ST. LOUIS.—Justice does not always sympathize with even a wise chooser of the "lesser of two evils."

That's what Matthew Casey, Negro transient, discovered when he told U. S. District Judge Charles B. Davis he made counterfeit items to "keep from stealing."

"I'm a victim of circumstances, Your Honor," Casey explained. "I had to make counterfeit money to keep from stealing."

"Besides," he added, "I only used 'em to get good coins out of slot machines."

Judge Davis fined him \$1 and gave him five years in prison.

Police Lights Catch Bicyclists Like Moths

DENVER.—In their effort to locate boys who do not have proper night equipment on their bicycles police are resorting to the "moth-flame" trick.

"We found the quickest way to capture violators was to draw up somewhere at night, touch the siren a couple of times and turn on the red lights. Those we were seeking came pedaling almost into our arms," one officer explained.

Goes to Donate Blood, Is Given Transfusion

MIAMI.—"This is the blood bank, isn't it?" asked an anemic-looking man.

"That's right," said the doctor. "Lie on the table over there."

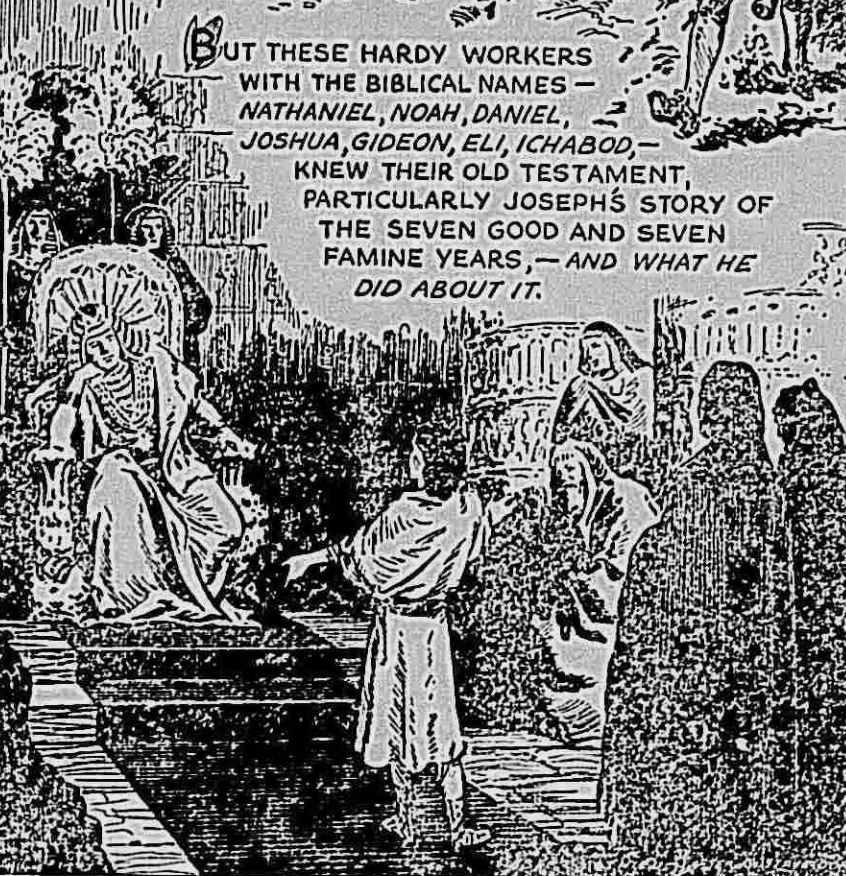

Later the little man arose. "Why, I feel better!" he exclaimed. "Loss of blood hasn't weakened me at all."

"Loss of blood?" gasped the doctor. "You looked so weak we gave you a pint."

BUICK BUILDS FOR DEFENSE

Our assignment Building Pratt & Whitney valve-in-head aircraft engines for defense use.

A word about the calibre of the distinguished new automobiles that Buick now brings to market for 1942

Two thoughts stood solemn sentinel throughout all the planning of our 1942 cars.

The first was: — in their materials these cars must not trespass on the current needs of national defense.

The second was: — in their quality and performance they must not be an "ersatz" product.

If you think this leaves only a cramped and stifling byway for engineering to advance in, remember that difficulties are sometimes the spur that real ability needs.

Our new cars, it seems to us, superbly prove this. But we neither expect nor ask you to take our word for it.

The real way to know what they are, and how marvelously they perform, is to breeze them down a country road or tool

them through clogged traffic.

The sure way to gauge their mettle and their inmost goodness is to plump them squarely into the stiffest task your imagination can supply.

So come try the gorgeous new cars that we not only say pace the pack for 1942 but are bold enough to believe set an all-time high in all-round automotive excellence.

They will make you glad — nay, proud — all over again that you're living in America — and now!

SOCIETY EVENTS

Virginia Schmitz and F. W. McDowell of Cicero are Married

A reception for 150 and a wedding supper followed the marriage of Miss Virginia Helen Schmitz, daughter of Mr. and Mrs. Theodore A. Schmitz of Channel Lake, and Fred Walker McDowell, son of Mr. and Mrs. McDowell of Cicero, Ill., Saturday evening at 7 o'clock in the rectory of St. Peter's church.

Following the reception, the couple left on a short honeymoon trip, after which they planned to be at home to their friends at 169 North LeClair, Chicago.

For the wedding the bride wore a blue suit, with accessories in black and a ribbon-tied corsage of carnations and gladioli.

Her sister, Miss Dorothy Louise Schmitz, who was bridesmaid, wore a blue suit with black accessories and a corsage to harmonize.

Joseph Ryan, Chicago, acted as best man.

Mrs. Schmitz and Mrs. McDowell both wore black gowns, with corsages of autumn flowers.

The Rev. Francis M. Flaherty officiated.

The reception was held at the resort operated by the bride's parents at Channel Lake.

TRIPLE CELEBRATION IS HELD AT J. B. DROM HOME

The home of Mr. and Mrs. J. B. Drom at 639 North Main street was the scene of a family gathering on Sunday in honor of Mr. Drom's seventy-fifth birthday on Oct. 25th, the forty-ninth wedding anniversary of Mr. and Mrs. Drom on Nov. 24th, and for Mr. and Mrs. Jacob D. Drom, who were married on Sept. 6.

Those present were Mrs. and Mrs. Drom's eight children and their families: Mr. and Mrs. August Drom and son Arlyn of New Lisbon, Wis.; Mr. and Mrs. Nelson Drom and family; Lloyd, Wayne and Ruby, Antioch; Mr. and Mrs. William Drom and family; Sophia, Louise, Jean and William, South Milwaukee, Wis.; Mr. and Mrs. Harold Drom and family; Zella, Janet, Robert and Nancy, Antioch; Mr. and Mrs. Floyd Horton, Antioch; Mr. and Mrs. Jack Drom, Antioch; Mr. and Mrs. Edna Drom, Antioch; and Mr. Drom's sister, Mrs. Wallace of Antioch and her family, and Mrs. Drom's sister, Mrs. Margaret of Milwaukee.

SURPRISE SHOWER HONORS BRIDE-TO-BE

Thirty-five friends of Miss Mildred Cornak, bride-to-be, gave a surprise shower at the home of Mrs. Cornak on Sunday evening.

Miss Cornak's marriage to Robert Daniel Brennan of Appleton, Wis., will take place at 11 o'clock Sunday morning in St. Peter's church.

The ceremony will be in "antique style." The bridezilla is an aviation enthusiast and is stationed at Great Lakes.

Bridesmaids for the wedding were Mrs. Frank Wolf, Mrs. Fred Wolf and Miss Vene Denman.

SHOWER HONORS RECENT BRIDE

Mrs. Loretta Panzer (the former Margaret Theriot) was guest of honor at a post-nuptial shower given by Mrs. Dayton Mares at her home Saturday evening. Thirty-five guests were present. Mrs. Panzer is the daughter of the Rev. and Mrs. Albert Theriot. Mr. and Mrs. Panzer were married Sept. 14. They will be at home to their friends after Nov. 1 at the corner of Deep Lake and Main roads. Decorations were in blue and pink. Airplane luncheon was served during the evening.

CEDAR LAKE P. T. A. ENJOYS "CHALK TALK"

An illustrated "chalk talk" by the Rev. W. A. MacArthur of Lake Villa was enjoyed by the Cedar Lake P. T. A. in connection with its meeting Monday evening in the school house.

The illustrated drawings featured one of the New York shore line with the Statue of Liberty, over which different colored lights were played to secure varying pictorial effects.

Refreshments were served afterward.

DANCE BENEFITS GRASS LAKE SPORTSMEN'S CLUB

Dancing and other entertainment were enjoyed by 250 persons attending the benefit party for the Grass Lake Sportsmen's club held Saturday evening at Herman's Resort. The money raised through the party will be used to clean out some of the channels at Klonike point and to improve other channels.

CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real?" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 12.

The Golden Text was, "Heal me, O Lord, and I shall be healed; save me, and I shall be saved; for thou art my praise" (Jeremiah 17:14).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And when Jesus departed thence, two blind men followed him, crying, and saying, Thou son of David, have mercy on us. And when he was come into the house, the blind men came to him: and Jesus saith unto them, Believe ye that I am able to do this? They said unto him, Yea, Lord. Then touched he their eyes, saying, According to your faith be it unto you. And their eyes were opened" (Matthew 9:27-30).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "As for sin and disease, Christian Science says, in the language of the Master, 'Follow me, and let the dead bury their dead.' Let discord of every name and nature be heard no more, and let the harmonious and true sense of Life and being take possession of human consciousness" (p. 355).

Woman's Club Will Hear Talk Monday On "Social Hygiene"

Bertha M. Shafer, M. D., will speak on "A Community Social Hygiene Program" at a meeting of the Antioch Woman's club Monday afternoon, Oct. 20, at 2 o'clock in the home of Mrs. G. R. Bicknell.

Dr. Shafer is executive director of the Illinois Social Hygiene league, which has its headquarters in Chicago. The league was established originally in 1916 for the treatment of venereal diseases, the protection of the community, the study of public health problems presented by these diseases, and the dissemination of accurate knowledge concerning the relation of venereal diseases to health and welfare.

The Illinois Social hygiene league is today both a medical and educational center. It was one of the first clinics to make treatment for the so-called "social diseases" available to the poor and to the low income groups. Since its opening, it has served approximately 60,000 individuals and has given more than 1,000,000 treatments. It gives special care to expectant mothers and to children.

During the last 10 years, its educational department has given nearly 5,000 lectures to more than 30,000 individuals in Chicago and vicinity. This agency makes available information on all phases of social hygiene to professional and lay groups. It has strongly emphasized the need for preventing the spread of social diseases as well as their treatment.

On the hostess committee with Mrs. Bicknell Monday afternoon will be Misses B. R. Burke, H. LaTan and Ernest Simons.

Holy Name Society Will be Host at Dinner Monday Eve.

Men of the St. Peter's Holy Name society will be "chief cooks and bottle washers" in earnest when they entertain the members of the Altar and Rosary society and the Young Ladies' sodality at a banquet Monday evening, Oct. 20, in the parish hall.

The men will cook and serve the dinner themselves, Eugene Sheehan, president, announces.

Gus Teichert is chairman of the food committee. Robert Dunn is the dining room chairman and Rudy Eckert is in charge of the program.

There will be talks by well known speakers after the dinner, and motion pictures of St. Mary's training school at Des Plaines will be shown.

Lost Graveyard Is Hunted; Scene Of Eerie Legends

Shade of Lovely Lady Said To Stroll With Three Headless Spaniards.

CHARLESTON, S. C.—The lost graveyard of Bald Head, where the shade of a lovely lady is said to stroll in the moonlight accompanied by three headless Spaniards, is the object of an exciting search launched by a troop of Greenboro (N. C.) Boy Scouts.

Bald Head island—officially Smith's island—was the earliest settled point on the lower North Carolina coast. It lies at the mouth of the Cape Fear river, off Southport. The original settlers were pirates, and doubtless picked the island because of its strategic location athwart the coastal trade routes.

Drove Pirates Out.

America's first Charles Town was settled on Cape Fear, six miles above Bald Head. But the pirates made things so hot for the settlers that they moved their town to the Cooper river mouth in South Carolina and subsequently contracted the name to Charleston.

Settlers eventually overcame the pirates and drove them out. For a few years the island was a law-abiding community. Then the mainland town of Smithville—now Southport—was founded, and gradually Bald Head's residents moved over to it.

For years the island was uninhabited, save for lighthouse keepers and Coastguardsmen. The jungle reclaimed the cleared lands of the settlers, including the graveyard where rested the bones of the early settlers, honest and otherwise. Among the simple headstones was a more pretentious vault of red brick. The bricks were brought from England with those for St. Phillip's church at Orton's Plantation, a few miles away.

Shade of Burr's Daughter.

The lady ghost who walks the sands of Bald Head supposedly is the shade of Mrs. Theodosia Burr Alston, daughter of Aaron Burr, and wife of an early South Carolina governor. Mrs. Alston left Charleston on the sloop Patrick, bound for New York. Shortly after a violent storm struck the Carolina coast and the Patrick never was seen again. Many believed she went aground on Cape Fear shoals off Bald Head, and that the pirates captured all aboard, including Mrs. Alston, a reigning beauty of her day.

As to the three headless Spaniards, even legend is cloudy. It is generally conceded that they were pirates. Perhaps they lost their heads in combat with their fellow buccaners. Anyhow, according to legend, they now roam on Bald Head with a troop of Greenboro Boy Scouts hard on their heels.

Farmer Discovers Cache Of Ancient Treasures

WINNIPEG, MANITOBA.—D. J. Prystach, a High Bluff farmer, isn't saying exactly where he found it, but he claims to have discovered a rich store of treasure, seemingly looted from white men by Indians and buried on an island in the Assiniboine river during a bloody battle between rival redskin tribes more than 180 years ago.

Prystach said he first discovered an old cedar log buried deep in the sand on the island. He split the log apart and found bits of colored glass and tiny particles of copper, brass, silver, gold and lead.

He said he then made a second and more startling discovery. He related that he was walking through the bush on his estate when he noticed a stream of water running into a hole in the ground. He enlarged the hole and bared before his eyes was an amazing treasure.

It included, he said, exquisite rings, bracelets, earrings, buckles, chandeliers, goblets, vases, sword hilts, powder horns, knives, trays, kettles, braziers, even bars of gold and silver. Some of the gold bars were stamped with names of famous men who lived 200 years ago, including Governor Lawrence of Acadia.

He Plunges Into Well And Is Unmissed 5 Days

SOCORRO, N. M.—When Manuel Silva started to help flood rescue workers he fell into a 30-foot well—and nobody missed him until the flood was over.

For five days Silva was in the well while his family believed he was fighting the flood.

Finally boys heard him shouting for help from the well near his home.

Except for hunger and exhaustion Silva suffered no ill effects.

Army Food Complaints Are Laid to Sweet Tooth

Memphis.—If you mothers get a complaint on army food from your boy in camp, it's more than likely the yearning of his "sweet tooth." The army's food is good and there's plenty of it, Second Army Commander Lieut. Gen. Ben Lear said; but—

"Frequently complaints are due to a schoolboy desire to persuade mothers to send them a batch of home-made cookies or fudge," he added.

Chemically Treated Cloths

Chemically treated cloths which will quickly remove discolorations can be bought. But silver so treated should be well washed after such a cleaning, before coming in contact with any food. Use a good paste or a good silver polish on large pieces. Apply with a soft cloth, let dry on and then rub off with a soft cloth. After cleaning, silver should be washed in warm, soapy water. Then dry it well and bring it to a high luster with a soft polishing cloth. A little stiff brush, or an old discarded toothbrush, will be useful in applying or removing polish from chased or filigree work.

Mileage Above 60 Costly

That 10-mile interval between 60 and 70 miles per hour on the speedometer is extremely expensive to use. Actual test figures show that it cuts gasoline mileage on the average car from 16 to the gallon down to 12, a difference of 25 per cent. It is even more costly with respect to oil consumption. A popular priced car which may be presumed to be fairly typical, shows an oil mileage of 900 per gallon at a speed of 60 miles an hour. At 70, the consumption is at the rate of one gallon every 500 miles. What it does to safety is an ever more impressive matter.

GIRL SCOUTS LOOK AHEAD!

It is with a great deal of satisfaction that the Antioch News calls attention to Girl Scout Week this year. The events of the past year make such an organization stand out in pleasant contrast, for the Girl Scout movement is one whose aims and activities typify the American spirit of peaceful, wholesome living. The Girl Scouts are looking ahead... and are preparing for a future of competence, happiness and good citizenship while enjoying at the moment those healthful, educational and character building pursuits that form the basis of the Girl Scout program. The News urges everyone in Antioch to lend their active support to the Girl Scouts in order that their aims, activities and ideals may be further extended.

Joke Gets No Laughs, But Brings Down Roof

LONG BEACH, N. Y.—Mrs. Rose Lucas was playing mah jongg at the home of Mrs. Constance Peters. Between moves Mrs. Lucas told a story that failed to click.

"That," said one with sarcasm, "brought down the roof."

Then something gave way overhead and the ceiling fell in.

Finds Prosperity Hard to Believe

Boom Town in Louisiana Is Still Puzzled.

ALEXANDRIA, LA.—The whole nation may be feeling a moderate prosperity from national defense, but the overturning of the horn of plenty on defense boom towns like Alexandria still has residents blinking in astonishment.

In 1940 Alexandria was getting along fine with its population of 27,000. Today, as far as population is concerned, there are two cities where one used to be, estimates numbering present inhabitants at more than 54,000.

Hammer, saw, levels and T-squares—wielded by crews and crews of construction workers—have been building \$60,000,000 worth of army camp housing outside the city over a space of six months.

And business—well, boom is too mild a word. For one month this year motor vehicle permits were 222.2 per cent higher than for the same month last year, and building permits were up 267 per cent. There is a \$900,000 federal housing project for defense workers and military men and private housing also is being rushed.

On Saturday afternoons the cause of the city's strange new clang and clatter becomes evident as floods of khaki-clad youths flow into the streets and fill every public building and place of recreation. Walking and riding, they head for the movie houses, bars, pool rooms, cafes, libraries, depots, shooting galleries and the city hall lawn.

The old town isn't what it used to be? Why, it isn't even the same place. New sewer systems, new water mains, additional electricity lines are going up. The city has fortune tellers, carnivals, tattoo artists, and commuters from 90 miles away—things it never saw before.

Time Is Nothing After 69-Year Checker Play

ANTIGO, WIS.—Want to forget there is such a thing as time? Take up checkers.

That advice comes from W. J. Zahl, 64 years old, who has been playing the game for 69 years. Time, he asserts, no longer troubles him.

Almost any evening you might find Zahl's white head bent over a checkerboard at his home here. There might be an opponent opposite him, or he might be studying a move in one of the matches that he carries on by mail.

In either case, it's a good bet that the other fellow is about to lose a king or be bottled up in a corner, for Zahl has few peers on what he calls the "magic board."

Zahl takes great pride in his library of checkers publications. On his shelves are first editions of a number of magazines devoted to the game, most of them now out of print, and collections of checkers problems gathered from throughout the world.

The veteran refuses to be hurried in a match. A mail contest with a Californian lasted a year. He has been known to spend weeks studying a puzzling situation. Zahl doesn't like tournaments.

"To much rush," he protests. "The game loses much of its value when you are hurried."

Cupid Seems to Haunt Same Secretarial Office

MINERAL WELLS, TEXAS.—Miss Dolores Groves, 18 years old, approached her boss, E. D. Hightower, manager of the Retail Merchants' association, and told him she was resigning to get married.

Three days later his second secretary, Miss Doris Evans, 20, offered her resignation. She, too, planned to marry.

Since that time he has been swamped with applications from young women—presumably—seeking employment.

Hightower wasn't certain whether he had a credit association or a bureau for lonely hearts.

Second Tarpon Jumps Into Fisherman's Boat

FORT MYERS, FLA.—Lightning may not strike twice in the same place, but at least one fisherman has had two fish jump into his boat.

W. Ashby Jones, veteran angler, and his guide, Newt Roan, reported that the second tarpon within two weeks had sought "shelter" aboard their boat. Jones said he was trying to land a "big one" when the tarpon leaped from the water, landed in his tackle box.

Jones said his lifetime catch totaled more than 3,000 tarpon. "And that doesn't include the two which jumped aboard," he said.

Divine Assurance

A DICTIONARY defines "assurance" in part, as "firmness of mind; steadiness; intrepidity; courage; confidence." How greatly mankind needs spiritual assurance! Is it possible of attainment? If so, whence and how may it be obtained? If the assurance of good, of a supreme power, has been gained by even one individual, does not this fact give promise of the possibility that everyone can gain the true concept of spiritual supremacy?

Christ Jesus maintained divine assurance throughout his ministry. Among others who have emulated the Master's example was the Apostle Paul. As recorded in the Acts of the Apostles (8:1, 3), Saul, who had consented to the stoning of Stephen, "made havoc of the church, entering into every house, and haling men and women committed them to prison." Later, through the illumination of the Christ, Truth, realizing the wrong that he had done, just as assiduously as he had let himself be a tool for evil designs Paul became an advocate for the supremacy and infinite power of God, divine Love, as revealed and exemplified by Christ Jesus, the Way-shower.

The practicality of Paul's divine assurance is shown in the incident recorded in the sixteenth chapter of Acts, in which Paul and Silas, being persecuted and lashed with many stripes, were thrust into the inner prison, their feet made fast in stocks. Did they indulge self-pity, fear, revenge? No, they made of their plight an opportunity to realize their divine right to peace and safety. At midnight they "prayed, and sang praises unto God" (Acts 16:25). What perfect assurance they had gained from their obedience to God through following Christ Jesus' example! Their experience recalls a message expressed in these comforting words (Christian Science Hymnal, No. 99): "His tender love and watchful care. Shall free thee from the fowler's snare,

From every harm and pestilence." Quickly or slowly, dangers and disasters are overcome for each one proportionately as he follows Christ Jesus' example of perfect assurance that God, divine Love, is present to give peace and protection. Thus it was with Paul and Silas. An earthquake opened the prison doors, and their bonds were loosed. They were then tenderly cared for, and through their Christian influence the keeper of the prison believed "in God with all his house."

Mary Baker Eddy says in "Miscellaneous Writings" (p. 307): "God gives you His spiritual ideas, and in turn, they give you daily supplies. Never ask for tomorrow; it is enough that divine Love is an ever-present help; and if you wait, never doubting, you will have all you need every moment. What a glorious inheritance is given to us through the understanding of omnipresent Love! More we cannot ask; more we do not want; more we cannot have. This sweet assurance is the 'peace' we still to all human fears, to suffering of every sort."

From this secure foundation of the ever-present, protecting power of God, can be built up a firm assurance that will enable one to face serenely every circumstance and prove the unreality of error. Sinful thoughts, sickness, poverty, death, grief, resentment, should be seen as error, and denied admittance into our consciousness. Then gratitude to God for man's unity with Him, and a patient, rejoicing waiting until His guiding ideas are received, will open the way for a steady increase of assurance until one knows that God's plan for His children is dominion, the consciousness of the aliveness of good. Thus with an assurance that cannot be shaken, one willingly and consistently works to realize the presence of good in his experience. Following Christ Jesus' example surely makes possible of fulfillment his promise (Luke 10:19), "Behold, I give unto you power to tread on serpents and scorpions, and over all the power of the enemy; and nothing shall by any means hurt you."—The Christian Science Monitor.

The average depth of all the oceans and seas is supposed to be from two to two and a half miles, about 12,960 feet; in the Pacific, 12,200 feet; in the Atlantic, 11,136 feet; and in the Antarctic, 10,800 feet. The Japan sea averages about 7,320 feet, the Gulf of Mexico, 4,632 feet, the Mediterranean a little less, and the Baltic only about 122 feet.

Perhaps She Was Practicing

City detectives in Milwaukee apprehended a 20-year-old girl in the act of shop-lifting in a department store. Adolph Deisinger, chief of the store's police, gasped: "This girl applied for a detective's job here. She said she would be good at catching shoplifters. I was considering her for the job." The girl drew a \$50 fine.

Touchdown—Johnny Starr
Referee—O'Keefe, Umpire—Bryan.
Coaches—Wolfinbarger (Antioch), Miller (Zion).

The Zion-Benton Red Raiders defeated the Antioch Sequoits, 6 to 0, in the game played Friday.

The loss of the game was attributed to the fact that many of the players fumbled. Frequent penalizing of the Antioch team was another factor which affected the outcome of the game.

On the opening ball Antioch kicked to Zion who fumbled the ball and it went into Zion's end zone. Zion killed the ball and the officials called it a touchback instead of a safety, which would have counted two points.

Zion's touchdown occurred during the third quarter. They recovered Antioch's fumble and advanced to Antioch's 20 yard line, first down. On fourth down Johnny Starr, right halfback, ran around the end to score for Zion.

The Sequoits advanced to the Red Raiders' 12 yard line in the last five minutes of the game but a 15 yard penalty inflicted on them for clipping destroyed their chances for a touchdown.

The officials at the game were R. O'Keefe of Chicago, referee, and C. E. Bryan of Palatine, umpire.

Antioch is looking forward to the game Saturday, Oct. 18, at Barrington with much anticipation because of the standing rivalry between the schools. C. A. Wolfinbarger, coach of the Sequoits states, "The boys will not only be in there fighting for the conference game but also for their co-captain George Sterbenz." Sterbenz had an appendectomy last week and will be out of the game for the rest of the season.

Polite Bandit Robs Bank, Escapes in Cashier's Car

TOLONO, ILL.—A well dressed man who said "I hate to cause you this inconvenience" held up the Citizens' National bank, locked the cashier and three other persons in the building and, with the banker's son as hostage, escaped with \$1,108.

Cashier F. D. Lewis said he and his son, John, 17 years old, surprised the bandit when they went to the bank to mail a letter before the Lewis family started on a vacation trip to Minnesota. After compelling Mr. Lewis at the point of a gun to open the vault, the bandit forced John to drive him 10 miles to Champaign with the threat that "if anyone chases me it will be too bad for the boy."

John made the trip to Champaign and back in 20 minutes.

Wife Back Seat Driver, He Asks for Divorce

CAMDEN, N. J.—For 10 years or more Elvin F. Schaeffer testified in a divorce action he was not allowed to whistle, sing or play his cornet in his home. "The only pleasure I ever had was in driving the car," he added, "and even then she was always in the back seat telling me where to go."

Sire of 12 Would Enlist for Rest

But You Couldn't Buy One Of Tribe for Million.

PITTSBURGH.—Samuel Howard Isenberg, at 35 the father of 12 children, was disappointed recently over receiving quick deferment from army service because of his long list of dependents.

"It gets a fellow down sometimes when you gotta be around here all the time with all these kids," he said. "I really would have liked some army training—I figured it would give me a little bit of a vacation."

Selective service board members in McKees Rocks stared at him when he turned in his questionnaire. To list all his dependents, he had to attach an extra sheet of paper to it—and write small at that.

"They couldn't believe I had that many children," Isenberg chuckled. "But I finally convinced 'em. After all, I had proof home."

He said the board reacted like this:

"Wow, you've done your duty. You're excused—deferred."

The board said that so far as it knew, no other registrant in the nation had reported so large a family.

Isenberg, a \$190-a-month railroad employee, got married when he was 16 and his wife, Stella, was 15. They now have these mouths to feed: Rosalia, 12; Dorothy, 10; Samuel, 15; William, 13; Audrey, 12; Theresa, 11; Charles, 10; David, 7; George, 5; Howard, 4; Eileen, 3; and Johnny, 17 months.

"And do they eat," he said. "The grocery bill takes half my pay. It's pretty hard sometimes—but don't get me wrong—I wouldn't take a million dollars for any one of my tribe."

Although he'll remain in civilian life, Isenberg feels he's doing his bit anyway. Because of the rush of transporting defense orders, he said, he gets only every other Saturday off. He's a freight and yard conductor for the Pittsburgh & Lake Erie railroad.
